Resolutions by the Lincoln County Medical Society on Dr. Steele Bailey.

The committee appointed to draft resolutions on the removal of Dr. Steele Bailey to Robinson, Utah, Timbi Hospital, respectfully submits the following resolutions. Be it resolved:

1st. That the Lincoln County Medical Society is loth to give up Dr. Bailey, a most worthy and illustrious member. Not only this society but the city of Stanford, the county of Lincoln and the State of Kentucky have lost a most desirable citizen and Dr. Bailey's numerous clientele have lost the skilled and beneficial services of an honorable, upright, erudite, courteous and affable practitioner, whose place it will be exceedingly difficult to fill.

2nd. That Dr. Bailey was honored with the vice presidency and presidency of the Central Kentucky Medical Society early in his professional career and was its efficient and accomplished secretary for 30 years and did more than all the other members to maintain its great success and usefulness. Furthermore, Dr. Bailey was the honored secretary of the Kentucky State Medical Society for 20 years and is responsible for the great achievements this society has accomplished as a State organization. His election as secretary was unanimous every year. As secretary and then as president of the State society he gave it prestige, placing it in the front ranks of the State associations. He augmented its membership from 75 to 1,600 members.

influential in arresting the spread of several epidemics of small pox and other contagious diseases.

4th. Dr. Bailey was a kind, good and lives up to the Scripture's teachings. The Golden Rule was his motto. When shall we have so worthy an exemplar to follow? We hope he will continue to add lusture to his already illustrious name and enjoy the greatest success, happiness and wealth in his new field of labor, the gold mines of the Lincoln County Medical Society.

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Postively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and alling Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengtheos; it offers real, genuin@heart help.

If you would have strong Hearts, strong digestion, strengthen these inerves—re-establish them as needed, with

Was winner as a harness horse through his 3-year-old form. At Libertyyllie, Ill, horse show was first in his class. At Chicago 1908 was second with no preparation, meeting some of the most noted horses in the United States, under the saddle. As an individual he ranks high; as a breeder he promises to take the frontrank. What more could one demand?
